

My dear Friends in Christ,

Thank you for taking time to read this.

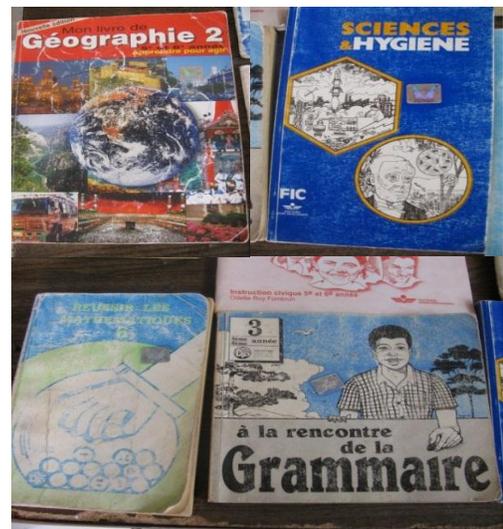

**Personal testimony:** I was born and grew up in the village of Savanette-Haiti on that property in the background of this photo where our ministry has been extended to. I lived there for 14 years, just like those shoeless boys that are surviving life's hardships. BUT unlike most of my generation, I had been tremendously blessed by the **Grace** of GOD and through the work of a pioneer missionary couple. I had been given the opportunity to attend school early and received a college level education from Port au Prince Christian Institute, founded by another unforgettable couple from ILLINOIS. Acknowledging that **evangelism** and **education** are the only hope for Haiti, I have answered the call for mission and committed myself indeed joining countless missionaries that are fighting the good fight in the front line all over the country, planting churches and schools while caring for those in greatest needs. **"To whom much is given, of him shall much be required"**.

**Ministry:** Every year, many needy children are counting on our efforts to help them go to school and **we are compelled to do something**, otherwise they would be growing up in the village without being able to even write their name and miss the opportunity to hear about Christ's love through our school's curriculum. Among all the needs that are overwhelming us, **school books** are not in the bottom of the list. This year again, we need to come up with \$ 2000 to provide school supplies for about 350 students in 2 different villages. For several years we've been providing school uniforms, but for this session, due to the absence of fund unfortunately we will not be able to.

**Chapel each Friday  
Building step by step**

PLEASE, If you'd like to be part of this wonderful ministry helping to make a difference in those children's lives for God, you are invited to visit the mission's website which is: [www.christfreedomforhaiti.org](http://www.christfreedomforhaiti.org) **CONTACTS:**
